[New] Malay (Karangan) Programme

Malay (Karangan) focuses largely on writing Malay composition, an elaboration of our Saya Boleh Mengarang workshop that we have been conducting in schools.

We do not provide karangan during the regular Malay class

P6 Maths Booster Programme

Our Booster Classes help P6 students revisit key P5 topics and strengthen their foundation in preparation for the PSLE.

Recommended for students scoring 60% and below, but open to all who want extra support.

Taken in addition to the regular class, providing twice the support each week.
